Roy Lester Head Football Coach

Roy Lester was named head football coach at Maryland March 14, 1969, after an extraordinary high school coaching career.

In ten years as head coach at Richard Montgomery High School, Rockville, Md., Lester's teams won 86 while losing ten with one tie. Six times his teams were undefeated. He completed the 1968 season with a string of 25 consecutive victories.

"Such a record is interesting," said Athletic Director Jim Kehoe, "in fact, it *fascinates* me."

Lester was graduated from West Virginia University with a B.A. degree in Political Science in 1949. He was an end on the Mountaineers' Sun Bowl team of '49 and also played baseball and basketball at West Virginia. He spent the 1949 season with the Philadelphia Eagles and their farm team, the Paterson, N.J., Panthers.

In 1950, Lester started his coaching career with a two-year hitch at Walton, W.Va., High School and then directed football for four years at Allegany High, Cumberland, Md.

Lester served under Tommy Mont as an assistant coach at Maryland for three years starting in 1956. He was freshman coach the first two seasons and served as varsity end coach in 1958.

LESTER ON FOOTBALL

"I've played and coached most of the sports on a college level and I personally enjoy coaching football more than any other.

"Contact, sacrifice and discipline are three of the most important things that go into the making of a good football player. He must like the physical contact of the sport, be willing to sacrifice for the benefit of the team and obviously, the better disciplined a team is, the better it will play.

"Now, I believe the complexities of the game must share in importance with the always-necessary fundamentals toward the molding of a good college player."

As a high school coach, Lester coached two players who developed into collegiate and professional stars. Rod Breedlove came to Maryland from Allegany High with Lester and became an all-conference guard. Mike Curtis, who played for Duke University, was a member of Lester's Richard Montgomery squad.

Of his former coach, Breedlove commented:

"I learned more fundamentals under Roy Lester than under anyone else. He stressed execution, blocking and tackling, maximum effort. Many different types of players were on his squads but he molded them together, concentrating on team play. He made it a point to exercise strict discipline, made sure players kept up their studies, and got along very well with parents."

Lester is held in high regard by his former players. His 1970 Maryland team will have three Richard Montgomery players in the lineup. They are Ray Wethington, the starting middle linebacker, Lee Branthover another possible starter at linebacker and Walt Eull a defensive end.

Two others are on the freshman squad. They are Bob Gawler a fullback named the "Player of the Year" in the Washington, D.C. area and Steve Kimball an All-Metropolitan Tackle.

Lester was married in 1957 to the former Sylvia L. Watson. They have four children – three boys, Roy, Jr. 12, Chris 10 and Tommy 9, and one girl, Amy 7.

Director of Athletics

JIM KEHOE

James H. Kehoe became Director of Athletics at the University of Maryland July 1, 1969, upon the retirement of William W. Cobey, who had held the post since 1956. In his first year as AD the Terps won 100 athletic contests, six of the 12 ACC team titles and captured the ACC's Carmichael Cup for the seventh time.

As Maryland track coach for 23 years, Kehoe saw his teams capture the Atlantic Coast Conference championship in all but one year of the ACC's existence.

In 1954, first year of the conference, Maryland took the conference crown. After North Carolina won the title in 1955, Kehoe's teams regained the championship which Maryland has now held for 15 straight years.

Since he became head track and cross country coach in 1946, Kehoe has directed his teams to a total of 47 Southern Conference and Atlantic Coast Conference championships.

In dual meet competition his teams were undefeated for the past eight years, and the track team had a winning streak of 27 straight victories and the cross country team 23 at his retirement.

Maryland won the I.C.4-A. track title in 1965, '66, and '69 to claim Eastern track supremacy.

Perhaps Kehoe's greatest moment was reserved for the recently completed season. In his final meet as head coach, by the margin of a single point, Maryland defeated heavily favored Villanova for the I.C.4-A. outdoor championship. By his own admission Kehoe declared this was his greatest track victory during his 25 years of coaching.

A native of Bel Air, Maryland where he starred in several sports, Kehoe entered Maryland in 1936 and concentrated on track and cross country. He lettered in all three of his varsity seasons, was undefeated in dual meet competition during this period, and won several Southern Conference titles in indoor and outdoor competition, as well as holding University records in the 880 yard and two mile runs.

While a student at Maryland Kehoe was president of the Men's League and a member of Omicron Delta Kappa National Honorary Fraternity. His responsibilities at Maryland prior to his appointment as Athletic Director included: Head Track and Cross Country Coach, Associate Professor of Physical Education, and Director of Intramural Athletics. He also holds an Honorary Doctors Degree from Steed College in Tennessee.

During World War II Kehoe served as an officer with the 81st Infantry Division in the Pacific, rising from the rank of private to lieutenant colonel upon retirement. He participated in the Philippine Islands and Central Pacific Campaigns and was awarded the Bronze Star, American Service Medal, Asiatic Pacific Medal, Victory Medal, and Philippine Liberation Medal while in service.

Kehoe is married to the former Barbara Riggs England, a 1943 Maryland graduate. The Kehoes have four children: daughters Courtney Ann 24, Barbara Sue 22, Mary Lou 16, and a son Jim 23. Courtney Ann and Jim are graduates of the University.

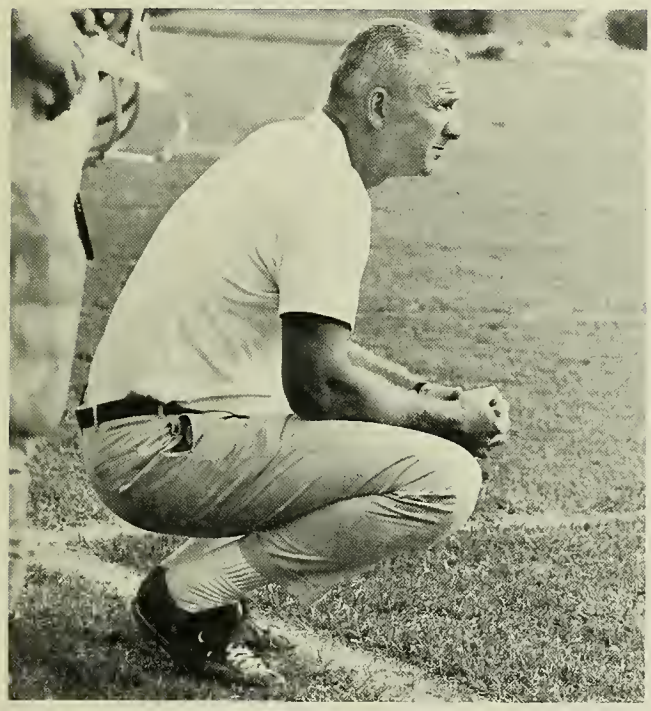
Roy Lester, in his first season at Maryland, directed the Terrapins to three Atlantic Coast Conference victories and its best ACC record (3-3) since 1966.

Aiming for continued improvement in 1970, Lester has revised the Maryland attack, placing greater emphasis upon the passing game.

Jeff Shugars will be starting at quarterback, a job he won about midway the 1969 season. The tall junior completed 47 of 114 passes for 716 yards. Will Morris, a junior and Bob Tucker, a sophomore who earned all-America honors in high school are the reserve quarterbacks.

The number one catcher of Shugar's passes will be the man who began last year as the pitcher – Dennis O'Hara. The former quarterback has not only made an effective switch to wide receiver but had an outstanding spring practice demonstrating that he not only can catch but has the ability to get open.

At the close of spring practice, sophomore Art Seymore and senior Al Thomas were sharing the duties as the starting tailback. However a pair of junior college transfers may cause Coach Lester to juggle the offensive and defensive backs a little in the early September sessions. Johnny Fisher and Carl Shelton had impressive statistics as running backs and both have the size and speed to play defense as does Seymore.



Roy Lester

Junior Tom Miller returns as one of the top running backs in the ACC. His 629 yards gained last season is the second highest ever recorded by a Maryland sophomore. Larry Marshall is the starting wingback and also excels as a kick return specialist.

Don Ratliff, one of the most promising sophomores in years, will be in the starting lineup somewhere. Despite a fine spring as a tight end he could still be a defensive starter this fall and might even be the only Terp to see action both ways. He rates as an excellent receiver and good blocker and as a sure tackler with good speed is a top candidate for the strong linebacker berth.

Ralph Sonntag "Jacobs Blocking Trophy Winner"

Tony Greene, sprint star, will anchor the defensive secondary where he was outstanding last year as the safety. He could move to halfback and take over the duties of covering the opponents top receiver. As a safety last year he was credited with 42 tackles and assisted on 26 others.

The offensive line is a strong point for the Terps again this year despite the loss of Ralph Sonntag, winner of the Jacob's Blocking Trophy, last year. Bill Meister, rated by the coaches as the outstanding lineman the last two years and Bob MacBride return on the right side with Ron Kecman a fine blocker moving in at center. Pat Burke, winner of an ACC "lineman of the week award" last year returns at left guard. Rich Slaninka a letterman is the starter at left tackle. A pair of sophomores Tim Brannan and Jim Watkins are the top reserves in the line.

The defensive line will lack size but is quick, strong and all are good football players. Guy Roberts and Sophomore Chris Cowdrey are the ends with Pete Mattia and Glenn Kubany the tackles.

Another strongpoint for the Terps is the linebacking corp. John Dyer returns as a letterman at the inside spot and could be the only letterman starter. Ray Wethington who must rank with Don Ratliff as a promising sophomore will start in the middle with his high school teammate Lee Branthover and letterman Gary Van Sickler the top candidates on the outside. Either Ratliff or Darnell Tate another junior college transfer will start as the strong linebacker.

The lack of depth will again be apparent but the first unit will be able to hold its own against most of the opponents.

The early fall sessions will decide just where Ratliff can help the team the most, where the junior college backs will contribute the most to the effectiveness of the team as a whole and whether Branthover or Van Sickler will start at linebacker. Thus the Terps have a jump on last fall when the new staff was forced to make many position changes in the fall.

University of Maryland

The University of Maryland is a land-grant institution of higher learning stressing programs of excellence in teaching, research and service.

Now in its 164th year, the University is one of the 10 largest universities in the nation, with over 37,000 students enrolled in its on-campus daytime programs. An additional 48,000 are enrolled in the fiscally self-sustaining programs of University College, which maintains centers for adult education throughout the State and in 24 foreign countries. The teaching and research staff includes more than 6,000 full-time and part-time personnel.

Undergraduate curricula are offered in over 120 fields, master's degrees in 77 departments and doctoral degrees in 74 departments. In the number of doctorates granted annually, the University ranks among the top 30 institutions in the nation.

The University had its beginnings in 1807 with the establishment in Baltimore of the College of Medicine, an entirely faculty-owned institution granting the M.D. degree. Five years later its name was changed to the University of Maryland, and it was given power to confer additional degrees. Subsequently, the University opened a School of Dentistry (1840), the first such school in the world, and then added Schools of Pharmacy (1871), Law (1882) and Nursing (1889).

The College Park campus of the University was opened in 1859 as the Maryland Agricultural College under a charter secured in 1856 by a group of Maryland planters. After a disastrous fire in 1912, the State acquired control of the College and bore the costs of rebuilding. In 1920 the State took over the faculty-owned University in Baltimore, merging it with the State-owned institution at College Park to form the presentday University of Maryland.

In 1886 the Delaware Conference Academy was founded by the Methodist Church in Princess Anne, Maryland. The institution was taken over by the State of Maryland in 1926 and became a division of the University of Maryland in 1948. Formerly known as Maryland State College it is now known as the University of Maryland Eastern Shore.

Presently located in the College Park campus are the College of Agriculture, Arts and Sciences, Business and Public Administration, Education, Engineering, Home Economics, and Physical Education, Recreation and Health; University College; School of Architecture; Graduate School; School of Library and Information Services; and Summer School. There are also a number of institutes, bureaus and service programs. On the Baltimore City

campus there are the Schools of Dentistry, Law, Medicine, Nursing, Pharmacy, and Social Work; the Psychiatric Institute; Center for the Study of Trauma; and University Hospital. A third campus was opened in 1966 just west of Baltimore City – the University of Maryland, Baltimore County (UMBC).

The research programs at the University derive their existence and vigor from a faculty comprised of internationally recognized scholars and scientists. Exceptional research facilities include the Institute for Child Study, the National Resources Institute, a laboratory for basic behavioral research, Van de Graaff accelerators, an assortment of modern computers, a nuclear reactor, wind tunnel, a psycho-pharmacology laboratory, laboratory models for meteorological phenomena, and collaborative arrangements with many nearby government installations. A new, pioneering, spiral ridge cyclotron was completed in 1968. In addition, the University of Maryland is a member of the initial group of 34 universities incorporated to manage a new 200 BeV high energy accelerator at Weston, Illinois.

University libraries include more than a million volumes on the College Park and Baltimore City campuses, plus nearly half a million microtexts, slides, film strips, negatives, prints, music scores, and recordings. The University is a regional depository for Federal documents. Special collections include the Marylandia, Katherine Anne Porter, Rare Book, East Asian, and Health Sciences Historical Collections.

In recent years the University of Maryland has received national recognition in numerous areas. In 1964 it established a chapter of Phi Beta Kappa. In 1969 the Association of American Universities elected the University to its selective membership.

During the 1969-70 school year eight University of Maryland students were selected as Woodrow Wilson National Fellowship designates and an additional six won honorable mention.

In research, scholarship and in the number and quality of its graduates, the University is a productive member of the community of great state universities.

The Carmichael Cup

For the seventh time in nine years, the University of Maryland has captured the coveted Carmichael Cup for excellence in the 12 sports officially recognized by the Atlantic Coast Conference. The Terps won six championships and finished second in three others while compiling 81 points to 67½ for runner-up North Carolina.

This award, inaugurated by the ACC in 1961-62 is a memorial to the late William Donald Carmichael, Jr. of Chapel Hill and the University of North Carolina. Mr. Carmichael was serving as controller at North Carolina at the time of his death. It is awarded for excellence in all sports, a so-called power rating in ACC varsity competition. Each sport counts equally and the winner of each championship receives eight points, the second place team seven etc.

Executive Director Maryland Educational Foundation

Colonel Thomas M. Fields

Colonel Thomas Fields returned to the University of Maryland on August 1 following 28 years of distinguished service with the United States Marine Corps.

His service in defense of his country followed the same pattern he established when he enrolled at Maryland as a freshman track star in 1937 and went on to achieve All-American honors. He was commissioned a Marine Reserve second lieutenant on June 11, 1942 immediately upon graduation and was later integrated into the regular Marine Corps.

During World War II he served in combat on Guadalcanal, Vella Lavella, Bougainville and Iwo Jima. He also served in Korea and Vietnam and at the time of his retirement was the Deputy Director of Information, Headquarters Marine Corps.

Colonel Fields and his wife, the former Patricia T. Hensel have four children: Thomas M. Jr. 15, Karen T. 14, Lori M. 12, and David B. 10.
